

Dear parents,

as you know, boarders of LSH Marquartstein may stay at the boarding school at several weekends ("**Boarding Weekends**"). On **free weekends**, however, our boarding school is closed and students travel home.

For international students, LSH Marquartstein offers international students the unique opportunity to stay at the boarding school also at those **free weekends** so that they do not have to move to a host family from Friday to Sunday.

At those free weekends a variety of activities are organized by our houseparents, depending on the number of participating boarders and the weather. Students are also allowed to undertake activities or trips off campus on their own during the day.

In case your child should prefer to check out of the boarding school at a free weekend, however, he or she needs to seek permission from their parents (see parental consent form below). Please note that for administrative and pedagogical reasons students may only **check out for the entire weekend, not for a single night/day, i.e. they leave the boarding school on Friday noon and return on Sunday evening.**

The attached parental consent form has been developed to clarify the boarding school's responsibility to both you and to the student. Please note that by signing the form

- you grant your son/daughter permission to leave the premises on their own and
- you acknowledge that the boarding school does not bear any responsibility for students checking out of the boarding school during their time of absence.

Thank you very much in advance for your understanding.

Yours sincerely,

G. Geigenmüller, Head of Boarding

Parent/Guardian Permission and Release of Liability

I,....., am the parent/guardian of and give my permission for my son/daughter to leave the premises of LSH Marquartstein at the weekend of (please add the exact date).

I understand that in this case LSH Marquartstein does not bear any responsibility whatsoever for my child during the time of absence (i.e. Friday noon until Sunday evening) and I acknowledge that I will not seek to have LSH Marquartstein liable in the event of any accident or other circumstance.
